

# Joint Technology Exchange Group (JTEG) Virtual Technology Forum

Date: Sept 10, 2024

Time: 1300EST to 1500EST

Purpose: Watch Odysight's Live Demonstration of the World's first Maintenance Platform Powered by Visualization and Artificial Intelligence that works to ensure peak operational efficiency, substantial maintenance cost savings, and enhanced safety across Aviation & Aerospace systems.

Then stay on to witness Tinker AFB 76th Commodities Mx Group spotlight their amazing DIB REACT capabilities. This is a state-of-the-art organization with a wide range of capabilities to produce reverse engineering solutions and much more!
